

# THE FUTURE OF HEALTHCARE

## Navigating digital disruption

### TWO-DAY WORKSHOP

**Adelaide:** 28th and 29th November 2019

Across an insightful two-day workshop, presenters Mark Brommeyer and Dr Angie Shafei will help you better understand and take advantage of the latest developments in digital healthcare.

You'll explore new trends in digital health and aged care and their impact on designing and delivering care in the 21st century. You'll gain insights into the types of leadership and decision making required to effectively manage digital disruption, understand the importance of co-designing care with consumers, clients and providers and explore the benefits of merging the physical, digital and biological worlds for health and aged care service delivery.

With a combined 50+ years' experience, Mark and Angie bring a wealth of practical experience to a workshop designed for clinicians, informaticians and managers, IT professionals and other professionals working in the health and aged care sectors.
